

OFFICE OF THE VICE PRESIDENT  
WASHINGTON

May 15, 1967

Dear George:

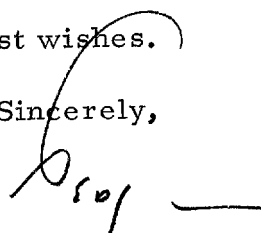

Thank you very much for your memorandum to me dated the 11th of May.

I have forwarded it to the Vice President, who, I feel sure, will benefit from it.

You are quite right in insisting that the United States does not possess the sort of information the Vice President was asking for, but I think he understands that and will appreciate that you have stayed well within the body of information we do possess.

Many thanks and best wishes.

Sincerely,

  
George A. Carroll
